

DOCKER OVERVIEW

ARNAUD MORIN

WHAT IS DOCKER?

- Open Source software to ship and run applications
- Separate application from infrastructure
- leverage linux containerisation

DOCKER ARCHITECTURE

A green and yellow train engine is shown in motion on a set of tracks. The engine is positioned on the left side of the frame, moving towards the right. The background consists of a vast, flat, green field under a clear sky. The text "QUESTIONS ?" is overlaid in the center of the image.
